PUBLIC NOTICE

PROPOSED SOUTH FORK AMERICAN RIVER BRIDGE PROJECT

WHAT IS BEING PROPOSED

The Department of Transportation (Caltrans) proposes to rehabilitate or replace the South Fork American River Bridge on State Route 49 in El Dorado County to meet current seismic standards. The project will incorporate other upgrades as appropriate, such as standard shoulders and lanes, inclusion of bicycle and pedestrian lanes, and more. Alternatives that widen or replace the bridge include construction work on the adjacent roadway to accommodate alignment shifts and conform back to the existing road.

WHY SHOULD YOU ATTEND?

Residents, business owners and commuters are encouraged to attend to get information on the proposed project and to provide comments and input. Caltrans staff will discuss the project alternatives and answer questions.

WHEN AND WHERE

Tuesday May 14, 2013, 6-8 p.m.
Gold Trail Grange #452
319 Highway 49
Coloma, CA 95613

Presentation at 6:30 p.m.

Parking is available behind the Gold Trail Grange Hall and in the Sutter's Mill parking lot just north of the Grange Hall within the Marshall Gold Discovery State Historic Park. **Please park in designated areas only.**

SPECIAL ACCOMMODATIONS

Individuals who require special accommodations to attend the public meeting should contact Steve Nelson with the Caltrans District 3 Public Information Office at (530) 741-4566, 703 B Street, Marysville, CA 95901, or email steve.nelson@dot.ca.gov. TTY users can call (530) 741-4509 or call the California Relay Service at 1-800-735-2929 (TTY) or 1-800-735-2922 (voice).

CONTACT

For further questions about this proposal, contact Project Manager Clark Peri at (916) 274-0538 or clark.peri@dot.ca.gov
